# WHY IT WORKS

- 1. Gives Your Customers Options: Flex Fund gives the customer the option to push payment until other closing costs are paid. This allows the customer to feel more comfortable during their home-buying journey.
- 2. Reduces Stress: Pushing inspection payments gives more time for financial planning and helps to reduce the stress during the buying process.
- 3. Make the Inspection Conversation Easier: FlexFund gives them the option to pay for it later instead of at the time of service.
